

Partnership & Funding Brief

For donors, companies and development partners

Why Partner With GPAF

GPAF provides a platform for partners seeking to connect climate action with inclusive economic opportunity in Ghana and across Africa. Its programme model links resilience, agriculture, enterprise, youth and women's economic participation.

Partnership Opportunities

- Programme grants and multi-year institutional support
- Corporate social investment and ESG partnerships
- Technical assistance and pro-bono expertise
- Research, evidence and policy collaboration
- Equipment, technology and productive asset support
- Market access, mentorship and enterprise linkages

Priority Programme Concepts

- Green Communities Initiative
- Youth Green Enterprise Programme
- Women Enterprise & Livelihood Programme
- Climate-Smart Farmers Project
- Waste-to-Wealth Initiative
- Green Schools Programme

Accountability

Partnerships should be supported by agreed outputs, outcomes, budgets, reporting schedules, safeguarding requirements and measurable KPIs.

Next Step

Use the partnership or contact form on the GPAF website to start a conversation with the organisation.
